

Part-Time Language Instructors are needed for teaching Japanese, Chinese, French, German and Russian Languages

Acharya Nagarjuna University (ANU) is one of the premier State Government Universities located in the State of Andhra Pradesh, India, with excellent Infrastructure facilities for teaching and research. It is funded by University Grants Commission (UGC) and recognized by the Association of Indian Universities (AIU). ANU, is well renowned around the world for its commitment to quality education and research. More information can be obtained about the University for from our official website www.nagarjunauniversity.ac.in or www.anu.ac.in or www.anuisc.info.

Summary of Positions

ANU is looking for passionate and knowledgeable part-time Instructors for teaching various international languages, such as Japanese, **Chinese French, German, Russian and Spanish languages** for the students of ANU at Centre for Foreign languages (CFL). In this exciting role, you will teach the required language to your assigned class of students in accordance with ANU principles – maintaining student class records and fulfilling administrative duties as required or requested by ANU. You will also

participate in professional development courses and activities, ensuring your familiarity with goal-oriented and student-centered instruction.

If you have native fluency in any of the above language and a passion for both learning and teaching, then ANU may be the right place for you to utilize your knowledge and skills while developing yourself both personally and professionally as a part-time Language Instructor!

Job Responsibilities

As a part-time Language Instructor, you will deliver lessons in accordance with ANU teaching principles: focusing on the interests and needs of our students. You will work with private students as well as group classes at the Learning Center. Additional responsibilities for the part-time Language Instructor include:

- Keeping student records and profile cards up to date
- Participating in your performance evaluation plan
- Integrating learning technology into teaching programs
- Maintaining center resource materials
